

Session One

This rotation of The **CORE @ COVENANT** should be an exciting one as we go in search of The Lost Ark of the Covenant. Along the way you will discover the Biblical record of what the Ark is, why it is important, what it means to us now, what it means if it could be found, and some of the various theories and ideas about where it might be.

A section of our handouts each week will suggest additional resources for you to explore and if you visit the website at www.touchandchange.com you will find some additional resources there as well.
